

PORCELAIN CLEANER

PRODUCT DESCRIPTION

- A high performance maintenance cleaner for all types of porcelain, marble, granite and terracotta tiles. Ideal as a general daily cleaner.
- Quick results without leaving water marks. Suitable for external or internal use. Water based, non-acid and non-caustic formula.

APPLICATION

Always carry out a test area first to ensure the finished result is acceptable.

- For light soiling: dilute 120ml of product to 5L of water.
- For heavy soiling: dilute 180ml of product to 5L of water.
- Mop or wipe over the surface, ensure the floor is not over-saturated. For maximum performance leave the product to work for 5 minutes. Lightly agitate with a soft brush, mop or cloth. Rinse clean with warm water and polish any remaining water off until the floor is dry.
- For use as a spot cleaner: dilute 40 - 60ml of product to 1L of clean water. Apply to the problem area using a trigger spray. Leave to work for 5 minutes. Wipe over the surface and polish until dry.
- Clean tools and equipment immediately after use with soapy water.

RECOMMENDATIONS

- Wear protective gloves whilst using the product.
- Do not apply during rain, frost or in direct sun, apply only when temperature between 5°- 30°C.
- Keep in dry place between 5°C and 30°C in the original container.

PRECAUTIONS FOR USE

For Health & Safety instructions, first aid measures, spillages and disposal instructions, see separate Health & Safety Data Sheet (MSDS)

SHELF LIFE & STORAGE

24 months from the date of manufacture in the original unopened container. Store locked up in dry place between 5°C and 30°C in the original container.
